Course Description:
The lecture component of this course is completely web based. Corresponding labs will be taught on site at the respective campuses. All aspects of plant propagation will be studied that include methods of propagating by seeds, bulbs, divisions, layers, cuttings, budding, grafting, and micropropagation. The timing, technique, and material for making cuttings, environmental conditions, and media requirements for rooting cuttings of ornamental plants, fruit trees, shrubs, and flowering plants will be studied. Various propagation structures, soils, and fertilizer requirements will be considered. Emphasis is placed on the basic principles of plant propagation to provide an adequate background in the areas of agronomy, horticulture, forestry, and other disciplines of plant science.

Prerequisite:
BOT 2010C or BSC 2010

Learning Objectives:
At the conclusion of this course, students should have:

1. a comprehensive knowledge of the science of plant propagation including the effects of plant physiological reactions, anatomical structure, and environmental influences on material used in plant propagation.
2. skill in the art of plant propagation by seeds and vegetative organs.
3. demonstrated critical thinking through class discussions, outside reading assignments, outside projects, and field practice.
4. a vocabulary of plant propagation terminology and its proper use orally and in writing
5. an interest, understanding, and appreciation of the principles and techniques of plant propagation.

Course Materials:
CANVAS (for lecture print-outs, additional readings, group assignment descriptions, discussions, etc.)  http://elearning.ufl.edu/

website:  http://irrecenvhort.ifas.ufl.edu/Propagation/index.html
**Course Textbook:**
2018. F. Davies, R. Geneve and S.B. Wilson. *(Required)*

*There also will be supplemental reading material available online*

**Other Useful Book References:** *desk copies can be found in the instructor’s office*

**Student Responsibilities:**
- **Attendance:** You are expected to virtually attend all classes and activities
- **Preparation:** You are responsible for retrieving and reviewing necessary materials prior to scheduled zoom discussions
- **Exams and assignments:** There are no makeups. *In the case of emergencies*, assignments will be marked down 5 percentage points for each day late.

**Student Evaluation**
Any questions regarding your performance on any assignment are welcome. Grading follows University standards and will be based on the following:

*All assignments are to be submitted in Canvas. Assignments will open on Thursday at 9:00 pm and close the following Tuesday at 9:00 am. There are 3 required zoom sessions. These are scheduled on the Monday prior to each exam from 5:30-6:30 EST. Note: although exams and quizzes are open book, students must prepare adequately as there is not enough time to look up answers.*

**EXAMS** (Multiple Choice, T/F, Matching, Short Answer)
- Exam 1 (chapters 3-8) .......................................................... 100 pts
- Exam 2 (chapters 9-14) .......................................................... 100 pts
- Exam 3 (chapters 15-18) .......................................................... 100 pts

**ASSIGNMENTS/QUIZZES**
- Bio/Picture and Pre-course Survey ............................................. 10 pts
Quizzes:
1. Quiz 1 (chapters 1-2) ........................................... 10 pts
2. Quiz 2 (chapters 3-6) ........................................... 10 pts
3. Quiz 3 (chapters 9-11) ......................................... 10 pts
4. Post Course Survey .............................................. 10 pts
5. Zoom Participation ................................................ 15 pts
6. On-site Lab* .......................................................... 15 pts
7. Grad Project with lab instructor* .............................. 35 pts

Grading Policy
Final grades will be based on the following scale:

<table>
<thead>
<tr>
<th>Points</th>
<th>Percentage</th>
<th>Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>93.5-100%</td>
<td>93.5-100%</td>

Course Policies and Campus Resources:

1. **Class attendance, make-up exams and other work:** Requirements for class attendance and make-up exams, assignments, and other work in this course are consistent with university policies that can be found at: https://catalog.ufl.edu/ugrad/current/regulations/info/attendance.aspx.

2. **Accommodations for students with disabilities:** The Disability Resource Center coordinates the needed accommodations of students with disabilities. This includes registering disabilities, recommending academic accommodations within the classroom, accessing special adaptive computer equipment, providing interpretation services and mediating faculty-student disability related issues. Students requesting classroom accommodation must first register with the Dean of Students Office. The Dean of Students Office will provide documentation to the student who must then provide this documentation to the Instructor when requesting accommodation. www.dso.ufl.edu/drc/ 0001 Reid Hall, 352-392-8565

4. **UF grading policies for assigning grade points:** See https://catalog.ufl.edu/ugrad/current/regulations/info/grades.aspx.

5. **Online course evaluation process:** Students are encouraged to provide feedback on the quality of instruction in this course by completing online evaluations at https://evaluations.ufl.edu. Evaluations are typically open during the last two or three weeks of the semester, but students will be given specific times when they are open. Summary results of these assessments are available to students at https://evaluations.ufl.edu/results/.

6. **Distance Learning Fees:** $20

7. **Critical dates for exams or other work:** Critical dates are posted within the Canvas E-Learning system and conform to the general weekly schedule of topics and assignments provided in the tentative lecture schedule.

8. **Academic Integrity:** As a student at the University of Florida, you have committed yourself to uphold the Honor Code, which includes the following pledge: “We, the members of the University of Florida community, pledge to hold ourselves and our peers to the highest standards of honesty and integrity.” You are expected to exhibit behavior consistent with this commitment to the UF academic community, and on all work submitted for credit at the University of Florida, the following pledge is either required or implied: “On my honor, I have neither given nor received unauthorized aid in doing this assignment.”

   It is assumed that you will complete all work independently in each course unless the instructor provides explicit permission for you to collaborate on course tasks (e.g. assignments, papers, quizzes, exams). Furthermore, as part of your obligation to uphold the Honor Code, you should report any condition that facilitates academic misconduct to appropriate personnel. It is your individual responsibility to know and comply with all university policies and procedures regarding academic integrity and the Student Honor Code. Violations of the Honor Code at the University of Florida will not be tolerated. Violations will be reported to the Dean of Students Office for consideration of disciplinary action. For more information regarding the Student Honor Code, please see: http://www.dso.ufl.edu/scrr/process/student-conduct-honor-code.

9. **Campus Helping Resources:** Students experiencing crises or personal problems that interfere with their general well-being are encouraged to utilize the university’s counseling resources. The Counseling & Wellness Center provides confidential counseling services at no cost for currently enrolled students. Resources are available on campus for students having personal problems or lacking clear career or academic goals, which interfere with their academic performance.
10. **Software Use:** All faculty, staff and students of the university are required and expected to obey the laws and legal agreements governing software use. Failure to do so can lead to monetary damages and/or criminal penalties for the individual violator. Because such violations are also against university policies and rules, disciplinary action will be taken as appropriate.
